

Sequences — Cheat Sheet

11+ Maths Guide · Year 5-6 · Keep this by your desk

SEQUENCES

1. Find the gap between EVERY pair of terms.
2. State the rule (add, subtract, double...).
3. Apply the rule to extend or fill gaps.
4. Check a filled gap against both neighbours.

Examples: 3, 7, 11 $\rightarrow$ +4 $\rightarrow$ 15, 19 $\cdot$ 40, 34, ?, 22 $\rightarrow$ 28.
