

2D Shapes — Cheat Sheet

11+ Maths Guide · Year 5-6 · Keep this by your desk

2D SHAPES

1. Count the straight sides.
2. tri 3 · quad 4 · penta 5 · hexa 6 · hepta 7 · octa 8
3. Sides = vertices, always.
4. A rotated shape keeps its name.

Example: 8 straight sides → octagon.
