

Nets — Cheat Sheet

11+ Maths Guide · Year 5-6 · Keep this by your desk

NETS

1. A net folds flat-to-solid; faces must match in number.
2. Cube: 6 squares (11 valid nets exist).
3. Cylinder: 2 circles + rectangle. Pyramid: square + 4 triangles.
4. Mentally fold to check for overlaps.

Example: 2 triangles + 3 rectangles → triangular prism.
