

Area of Rectangles — Cheat Sheet

11+ Maths Guide · Year 5-6 · Keep this by your desk

AREA OF RECTANGLES

1. Area of a rectangle = length $\times$ width.
2. Answer in square units: cm^2 , m^2 .
3. Same units before multiplying.
4. Square: area = side $\times$ side.

Examples: $8 \times 5 = 40 \text{ cm}^2$ · $3 \text{ m} \times 2 \text{ m} = 6 \text{ m}^2$
