

Telling the Time — Cheat Sheet

11+ Maths Guide · Year 5-6 · Keep this by your desk

TELLING THE TIME

1. Short hand = hours; long hand = minutes ($\times 5$ per number).
2. Right side = past; left side = to.
3. pm times: add 12 for the 24-hour clock.
4. Midnight 00:00 · noon 12:00.

Example: quarter to 4 pm = 3:45 pm = 15:45
