

Finding 50%, 25% and 10% — Cheat Sheet

11+ Maths Guide · Year 5-6 · Keep this by your desk

FINDING 50%, 25% AND 10%

1. 50% → halve.
2. 25% → halve, then halve again.
3. 10% → divide by 10.
4. Build others from 10%: 5% = half of 10%; 30% = 3 × 10%.

Example: of £120 → 50% = £60 · 25% = £30 · 10% = £12
