

Median, Mode and Range — Cheat Sheet

11+ Maths Guide · Year 5-6 · Keep this by your desk

MEDIAN, MODE AND RANGE

1. ORDER the list first, always.
2. Median = middle value (even count → mean of middle two).
3. Mode = most common value.
4. Range = biggest – smallest (a single number).

Example: 3,5,3,9,7 → sorted 3,3,5,7,9 → median 5, mode 3, range 6.
